

BIG CITY NIGHT
in Morocco

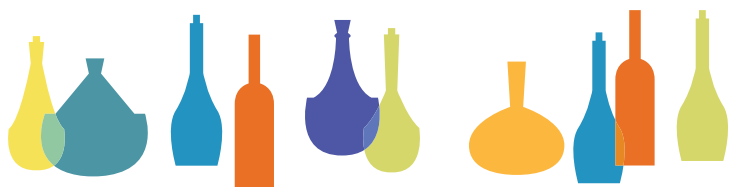

SPONSORSHIP OPPORTUNITIES

Board the Marrakech Express and travel to Morocco – the doorway between Europe and Africa! Experience the blend of cultures and renowned cuisine of this exotic land. Big City Night is Aspire's premier event of the season, raising funds that help children with developmental delays and disabilities.

BIG CITY NIGHT *in Morocco*

Big City Night in Morocco benefits Aspire Children's Services, one of Chicagoland's most comprehensive programs for infants and young children with developmental delays and disabilities. Each year, we assist more than 300 children with disabilities such as autism, Down syndrome and cerebral palsy. Our family-centered services help children with special needs gain independence and reach their unique potential. With the early advantage provided by Aspire, children are able to reach a little farther, a little higher and aspire to a world of possibilities.

Big City Night in Morocco will be held at the Hyatt Regency Chicago on Saturday, February 25, 2012.

Our name — Aspire — best sums up our approach. We help children and adults with developmental disabilities aspire to a world of possibilities.

Aspire provides personalized services to more than 1,000 children and adults with developmental disabilities and their families. For more than 50 years, we've provided a wide range of caring programs throughout the western suburbs of Chicago.

Aspire Adult Services includes an array of community-based housing options and assistance, programs helping adults with varying abilities and workplace experience succeed at their dream job, and life skills training, all of which help adults achieve new levels of independence and self-esteem.

Aspire Children's Services assists infants and young children with developmental delays and disabilities through pediatric therapies, specialized services, and family support. Our family-centered services help children reach important developmental milestones and build a solid foundation for future independence.

Ashley is on the go. The busy two-year-old walks, runs, climbs the stairs and stands on her tiptoes to reach her favorite toys, the telephone and the remote. She never stops talking. Typical milestones for a child her age, but so much more than her mother, Milea, expected when Ashley was born a "micropreemie," weighing only 22 ounces and measuring 12 inches long.

When Ashley went home after four months in an intensive care nursery, the hospital recommended the services of Aspire. From the beginning, Aspire specialists have visited Ashley's home regularly to work with her on movement, gross and fine motor skills, communication and health concerns. The team of pediatric therapists teaches Ashley's family members to adapt therapy into her playtime and other activities that are part of their daily lives. Ashley is making great strides and Milea beams when she says that the possibilities for her healthy toddler are boundless.

"The people from Aspire are like part of our family. They inspire us and raise our expectations," explains Milea. "The best is yet to come."

As a not-for-profit organization, we rely heavily on the generous support of sponsors for our successful events. When you sponsor Big City Night in Morocco, you help children, like Ashley, reach a little farther and a little higher.
